3. Geologist, Office of the Geologist and  
Mining, Govt. of Gujarat, District- Arvalli,  
(Guj.)

During inspection, it was observed that mine working has been carried out within 7.5m of statutory barrier and seem to be beyond lease boundary also, particularly near boundary pillar No.-4 ( coordinates Latitude 23°12'38.66" and Longitude 73° 2'11.36"). it is case of mining in the vicinity of rever bed . Hence opinion of State environment protectin authority of Gujarat may also be sought for continuation of such mining with valid environment clearance.
