विषय: गोवा राज्य के दक्षिण गोवा जिले के धारबान्दोरा तालुका में स्थित आपकी गाडिया सोडो 98.4269 हेक्टेयर खनन पट्टा (टी. सी. नम्बर-126/53) कोडली खान में खनिज संरक्षण एवं विकास नियमावली, 1988 के नियमों का उल्लंघन

महोदय,

अद्योहस्ताक्षरी द्वारा दिनांक 31.05.2016 को श्री धीरज कुमार जगदीश, खनन अभियन्ता एवं श्री विजय कुमार मेहता, खान प्रबन्धक की उपस्थिती में उपरोक्त खान का निरीक्षण किया गया था और खनिज संरक्षण एवं विकास नियमावली, 1988 के निम्नलिखित नियमों का उल्लंघन पाया गया है।

| नियम | उल्लंघन के प्रकार का विस्तृत ब्योरा |
|-------|---|
| 13(1) | <p>The mining operations in the lease area were not carried out as per modified mining plan approved vide letter No. MMP/Mech-06/Goa/2015-16 dated 10.07.2015 and Vol-I of even number dated 23.03.2016 and following deviations are observed during inspection.</p> <p>(a) It was proposed in mining chapter that 3,956,138t waste will generate from insitu working to achieve 3,993,723t insitu ROM production during 2015-16. It is observed during inspection of mine that total waste generated was 1,715,952t for achieving 3,460,930t of insitu ROM production. The planned ore to OB ratio was 1.00 and achieved ore to OB ratio is 2.01; which is having two times deviation for less development against target. Development target of 2015-16 could not be achieved till May 2016 even after production of 1,002,198t ROM iron ore during 2016-17.</p> <p>(b) Development & production was proposed in Pit-3 from 84mRL to -14mRL during 2015-16 from section lines XX to XXVII. It is observed during inspection of mine that working in Pit-3 was carried out and 3,460,930t ROM ore was produced during 2015-16; but development in Pit-3 was carried out from 56mRL to -12mRL and advancement of benches is lacking on all development benches from top to bottom. Production bench upto -14mRL level is not been achieved in Pit-3 even after additional ROM production of 1,002,198t as on 31.05.2016 during 2016-17.</p> <p>(c) Occasional drilling & blasting was proposed in hard lateritic strata; although ripper dozer is mainly being used for excavation of OB. The development above 56mRL is lacking or not carried out due to hard lateritic strata and it has hampered total development targets.</p> |

|----------|---|
| 45(5)(a) | <p>Following deficiencies are observed in the monthly returns of the mine after re-commencement of mining operations in September 2015 –</p> <p>(a) The ROM production of iron ore was commenced from September 2015. You have started reporting grade-wise production from November 2015 and despatch of grade-wise iron ore was started from December 2015. It is found in the returns that grade-wise despatched quantity in item-3 of Part-II is not matching with item-5 of Part-II. The iron ore despatched from lease and stored at your processing plant or Jetty without sale/export is not reported in table ‘Sale/despaches effected for domestic consumption and export’. It should be reported under “<u>domestic transfer</u>”. The grade-wise despatch was 35420t, 13164t, 290856t, 903434t and 704927t from December 2015 to April 2016 respectively; however quantity reported in item 5 was 35090t, 0t, 29108t, 619055t and 617321t from December 2015 to April 2016 respectively. Balance monthly quantity should have been reported as domestic transfer to Jetty/plant location and included as procured during the month at respective storage location in Form-N.</p> <p>(b) You have not reported grade-wise production and despatch in item-3 of Part-II in the monthly return of April 2016. Thereby, grade-wise ROM production and despatch quantity is not inserted. April 2016 return is showing 704,927t ROM despatch in item-2 of Part-II; but it is not matching with 515024t export quantity and 102,297t captive consumption at PID. Sale/despach details for balance quantity of 87,606t and its grade is not given.</p> |
|----------|---|

03 उपरोक्त नियम का उल्लंघन खनिज संरक्षण एवं विकास नियमावली, 1988 के नियम 58 के अन्तर्गत दंडनीय अपराध है और खनिज संरक्षण एवं विकास नियमावली, 1988 के नियम 13(2)/45(7) के अन्तर्गत खान में सभी खनन संक्रियाएँ बन्द करने का आदेश भी जारी किया जा सकता है।

04. अतः आपको सलाह दी जाती है कि आप उपरोक्त उल्लंघन का अतिशीघ्र सुधार करें एवं इसके सुधार की स्थिती की जानकारी इस पत्र के जारी होने की दिनांक से 45 (पैंतालीस) दिनों के भीतर इस कार्यालय को सूचित करें।

भवदीय

(गिरीश कुमार जांगिड)
