

The heading should be **Modification in APPROVED Mining plan with PMCP in 1st page and in relevant pages.**

1. General :

- a) The mobile number Applicant/ lessee is to be given.
- b) Date of expiry of lease should be corrected as per MMDR-2015
- d) Mineral(s) which is / are included in the letter of Intent / lease deed:- everything is explained except name of mineral which are included in lease deed.

2.0 Location and Accessibility-

(a) lease details- mobile number is to be given.

(b) Detail of lease area with location map- it is mentioned that the area is forest but again it is mentioned that this is Patta land.

Part –A

1) Geology and Exploration

a)E-mail address and phone no of the agency carried out the prospecting should be given.

j) How the reserve and resources are changed with respect to earlier submitted mining Plan since no drilling has been done the reserve cannot increase accordingly the plan and section to be changed.

Similarly, all the tables are changed with respect to earlier Mining Plan Submitted i.e. tableNo-1.2 to 1.11 without doing any additional exploration and mining activities.

Mineral Resources /Reserves- it should be calculated based on pervious approved mining Plan as no drilling has been done.

2) Mining-

How the cost of mining is shown very less it should be actual cost.

Disposal of Waste: -

The proposal for construction of garland drain/parapet wall all around the waste dump should be given.

PMCP-

8.3.5- correct rule should be mentioned for table no-40 as per MCDR-2017

All “nil” table is not acceptable as protective parapet wall/ Garland Drain should be proposed in the table and in environment management plan the same should be marked. Cost is to be included area rehabilitated etc. conceptual plan also should be changed accordingly.

Plates:-

1) In all plates for geological plan and section, the reserve should be recalculated and accordingly the plan should be given. Accordingly

2) In environment management plan the proposed garland drain and parapet wall should be shown in different colours.

Annexures:-In CD. All annexures should be enclosed in the CD with Name and Numbers.(separate from main text and maps).also Separate CD for each copies to be submitted and should be checked whether it is opening or not properly.
