To,
Agent,
Sangamkalan Limestone Mine (Lease-II),
M/s The India Cements Limited,
Sangamkalan Village,
Tandur Mandal,
Dist-Vikarabad, Pin-508246,
State-Telangana,

Sub: Violation of provisions of Mineral Conservation and Development Rules- 2017 in respect of your Sangamkalan Limestone Mine (Lease-II) over an extent of 131.70 Ha in Sangamkalan Village, Mandal-Tandur, Vikarabad Dist, Telangana.

Sir,
The following provisions of the MCDR, 2017 were found violated in your above mine during the inspection on 11.10.2018 by the undersigned in presence of your representative Sri Mallikarjun Reddy, Mine Manager, Sri Shiva Kumar (Mining Engineer) and Sri Janardhan Reddy (Geologist).

Rule No	Rule Position	Nature of Violations observed
Rule No-11(1)	No holder of a mining lease shall commence or carry out mining operations in any area except in accordance with the mining plan approved, modified or reviewed by the Indian Bureau of Mines or prepared and certified in accordance with the system established by the State Government pursuant to the proviso to clause (b) of sub-section (2) of section 5.	a) It was proposed to carry out sappling plantation of 1000 nos in 2017-18 but during inspection it was observed that only 850 nos of sappling plantation was done within the lease area. But in the annual return (H-8) submitted for the year 2017-18, Number of trees planted during the year has been submitted as 1100 nos. The discrepancies observed be clarified. b) It was proposed to carry out sappling plantation of 1000 nos during 2018-19 but as on date of inspection no sappling plantation was carried out. c) There was no proposal of stacking minerals within the lease but during inspection it was observed that Limestone mineral (as reported) has been dumped at two places near the mining pit within the mining lease falling within the co-ordinates S-17.80-S-19.10, W5.80-W6.40 and S-16.00-S16.80, W-7.10-W6.50.
48	The holder of a mining lease or the holder of a prospecting licence or prospecting license or a mining lease shall keep a record in Form-J of all shafts or boreholes and shall retain such records and preserve the samples of the strata passed through for a period of not less than twelve months after the completion of the work or abandonment thereof: Provided that the records of boreholes and shafts exceeding one hundred metres length shall not be destroyed except with the prior approval of the authorised officer, as the case may be.	During inspection it was observed that records of exploratory bore holes in Form-J was not updated as on date of inspection.
