Sub: - Violation of the provisions of MCDR, 2017 in respect of your Khliehjeri Limestone Mine (38MEG03005) over an area of 4.90 Ha. in East Jaintia Hills Dist. of Meghalaya state.

Sir,

On field inspection by the undersigned, following provisions of MCDR 2017 have been found violated in your above mine –

Rule No.	Nature of violation observed
34A(3): Every lessee shall carry out a drone survey of his leased area and up to hundred metres outside the lease boundary within six months before submission of any mining plan document or modification thereto to the Indian Bureau of Mines for approval and shall submit processed output [digital elevation model (DEM) and Orthomosaic] images obtained from such survey or any other format as may be specified by the Indian Bureau of Mines in this regard to the concerned Regional Controller of Mines and the Controller General along with the application for approval or modification of mining plan:	An undertaking to the effect that compliance of Rule 34A(3) will be done within 6 months i.e. by 31.12.2022 has been submitted in the last approved RoMP document. However, no drone survey has been carried out as per the requirement of Rule 34A(3). The processed output digital elevation model (DEM) and orthomosaic images obtained from such survey has not been submitted as per the SOP of such submission.
Rule 26(1): The holder of a mining lease shall have the responsibility to ensure that the protective measures including reclamation and rehabilitation works have been carried out in accordance with the approved mine closure plan or with such modifications as approved by the competent authority.	The length of fencing as envisaged in the approved RoMP is 1130 meters. In the inspection it was observed that the work has not been carried out as per the approved proposal.
Rule 12(4B): For the exploration done under sub-rule (3) and (4), the holder of mining lease shall submit to the State Government and the Indian Bureau of Mines, a Geological Study Report prepared in the manner specified in the Minerals (Evidence of Mineral Contents) Rules, 2015, within three months after the completion of the exploration work.	You have not submitted to the Indian Bureau of Mines, the geological study report prepared in the manner specified in the MEMC Rules, 2015, within three months after the completion of the exploration work.
Rule 12(5): The sampling of drill cores or chips, pit samples and trench samples shall be done for the entire mineralized portion at regular intervals, preferably meter wise or less, and chemical analysis for the major radical shall be done for all the samples.	The chemical analysis for the major radical has not been reported to the Indian Bureau of Mines .

2. In this connection, it is brought to your notice that the above violations constitute an offence punishable under rule 62 of MCDR 2017.
3. The mining operations can be suspended under rule 11(2), if compliance of rule 11(1) is not found satisfactory.
4. You are therefore advised to rectify the above violation immediately and intimate the position to this office within a period of 45 (Forty Five) days from the date of issue of this letter.
