Government of India
Ministry of Mines
Indian Bureau of Mines
Office of the Regional Controller of Mines, Jabalpur

Mine Code: - - 07MPR47022 Jabalpur, Dated:

Sub. : Violation of provisions of Mineral Conservation and Development Rules, 2017, in respect to Mohla bauxite, Laterite and Fireclay **Mine** over an extent of **5.901 hect.** in **Jabalpur** District (M.P.)

Sir,

The following provisions of the Mineral Conservation and Development Rules 2017 were found violated in your above mine during the inspection on 27/03/224 by the undersigned, accompanied by yourself, Shri J.L.Saraf, Mining Engineer of the mine and Shri Vinesh Agrahari, Part time Geologist of the mine.

| नियम | पाए गए उल्लंघन की विस्तृत प्रकृति |
|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 11(1) | <p>No holder of a mining lease shall commence or carry out mining operations in any area except in accordance with the mining plan approved, modified or reviewed by the Indian Bureau of Mines or prepared and certified in accordance with the system established by the State Government pursuant to the proviso to clause (b) of sub-section (2) of section 5 or approved by the competent authority of the Atomic Minerals Directorate for Exploration and Research, in respect of minerals specified in Part B of the First Schedule to the Act where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016. Read with MCR (Amendment),2021 notified in Gazette of India vide dated 02/11/2021</p> <p>The Review of Mining Plan of above mentioned mine was approved vide letter No.-MP/Jabalpur/Bauxite /RMP—84/2021-22 dated 25/02/2022 incorporating proposal of working from 2022-23 to 2026-27 During the inspection it was found that following activities have been carried out with violating the approved proposals: -</p> <ol style="list-style-type: none"> Exploration was not done as per the proposals given in the approved Review of Mining Plan. Six no. of vertical core boreholes of 48m deep each were proposed against year 2022-23 but boreholes have not been drilled so far. In the year 2022-23 it was proposed to produce 34036.8 tons bauxite , 17869.32 tone fireclay and 109860.3tone laterite with removal of total 10193.8cum Over Burden/Sub burden /inter Burden/ Burden/ mine waste. But it was observed that with none reporting of over Burden/Sub burden /inter Burden/ mine waste 112360tone of laterite production reportedly achieved. Thus, there is almost 100% deviation in case of production of bauxite and fireclay minerals as well as Over Burden/Sub burden /inter Burden/ Burden/ mine waste removal. Number of Boundary pillars such as BP no. 6,12,14 &16 were not found on place. Coordinates in some of the pillars were also not found marked. Certain dumps with mineral such as dump lies N2607450 & N2607525 and E413500 & E413650 covering an area of about 150mX70m, lies outside of lease area. Proposed backfilling of degraded statutory barrier zone not found commenced so far. |
| 31(4) | <p>The plans and sections required under these rules shall be maintained up to date within three months in case of category 'A' mines as referred to in clause (a) of sub-rule (2) of rule 55, and within twelve months in case of any other mine</p> <p>The plans & sections were not found updated on quarterly basis as required under this rule and not maintained at mines site office.</p> |
| 33 | <p>Copies of plans and sections to be submitted – The holder of mining lease shall on or before the 30th day of the June every year submit to the authorized officer, as the case may be, and the State Govt., a digital copy along with a print copy of the surface geological plans and sections maintained under rule 32.</p> |

|-------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | Copies of plans and sections under rule 32 of MCDR-2017 have not been submitted. |
| 34A | Every lessee, other than those covered under sub-rule (1), shall submit soft copy of high resolution Geo referenced Ortho-rectified Multispectral satellite images of the leased area and up to hundred meters outside the lease boundary taken in the month of April to June of every year, to the Controller General on or before 1st day of July of the that year in the standards formats such as GeoTIFF along with metadata or any other format as may be specified by the Indian Bureau of Mines in this regard: A soft copy of high-resolution Geo referenced Ortho-rectified Multispectral satellite images of the leased area and up to hundred metres outside the lease boundary taken in the month of April to June has not been submitted and the processed output [digital elevation model (DEM) and Orthomosaic] images have not been submitted as specified in the rule. |
| 45(7) | If it is found that the holder of a mining lease or the person or company engaged in trading or storage or end-use or export of minerals, as the case may be, has submitted incomplete or wrong or false information in daily or monthly or annual returns or fails to submit a return within the date specified; then,— in the case of mining of minerals by the holder of a mining lease, the Regional Controller of Mines, i. order suspension of all mining operations in the mine and to revoke the order of suspension only after ensuring proper compliance; ii. take action to initiate prosecution under these rules; iii. recommend termination of the mining lease, in case such suppression or misrepresentation of information indicates abetment or connivance of illegal mining; On examination of Annual Return for the year 2022-23 it is observed that data of annual return are incomplete & having following deficiencies: - 1. Part II item no.3- Employment and salary-wages paid - There is anomaly in reporting of Maximum number of persons employed on any one day during the year 9 indicated as nil) and in reporting of average daily number of persons employed indicated as 14. 2. Part - VI (Production, dispatch and stock) and Sales/Dispatches effected for Domestic Consumption and for exports: - There is an anomaly in reporting of ROM production and production of cement grade laterite. Similarly, there is an anomaly about grade wise dispatched quantity and consignee wise total dispatched quantity. 3. Part – VII Cost of production: - i. In calculation of cost of production along with royalty dead rent also has taken into account which is not correct. Necessary changes need be incorporated. ii. In calculation of cost of production of main mineral i.e. bauxite Taxes, royalty , DMF and NMET amounts have not taken as it should be. Necessary changes need be incorporated. |

2. In this connection, it is brought to your notice that the above violations constitute an offence punishable under Rule 62 of Mineral Conservations and Development Rules, 2017.
3. The mining operations can be suspended under the rule 11(2) of MCDR-2017, if compliance of rule 11(1) of MCDR-2017 are not found satisfactory. In case Non-compliance of Rule 45(7) of MCDR-2017, Necessary action shall be initiated as deemed fit.
4. You are advised to rectify the above violations immediately and intimate the position to this office within 45 (Forty-Five) days from the date of issue of this letter.

Yours faithfully,

(Raghubir Sharan Garg)
Assistant Controller of Mines
For Regional Controller of Mines

Copy to:

- 1- The Director of Geology & Mining, Govt. of Madhya Pradesh, Khanij Bhavan, 29-A, Arera Hills, Bhopal (M.P.)
- 2- The District Collector, Jabalpur (M.P.) for information & appropriate action.

Assistant Controller of Mines
For Regional Controller of Mines

I/28892/2024

NOO Copy to: _

- 1- Controller of Mines(CZ) for kind information.
- 2- Director, Mining & Mineral Statistics Division, Indian Bureau of Mines, Nagpur for refer back of Annual Return for the year 2022-23 to rectification as pointed out above under rule 45(7).

Assistant Controller of Mines
For Regional Controller of Mines
