Sub.: Violation of provisions of Mineral Conservation and Development Rules, 2017, in respect of your **Rajarwara Limestone Mine (3.73 ha), Mine Code 38MPR18091** in Rajarwara Village of Katni Dist M.P.

Madam,

The following provision of Mineral Conservation and Development Rules 2017 were found violated in your above mentioned mine during the inspection by the undersigned on 25/10/2024 in presence of Shri. **Aditya Bagaria** (lessee representative) and Shri **Digvijay Singh Bisen** (Qualified Person)

Rule No	Nature of violation observed in detail
Rule 11(1)	<p><i>No holder of a mining lease shall commence or carry out mining operations in any area except in accordance with the mining plan approved, modified or reviewed by the Indian Bureau of Mines or prepared and certified in accordance with the system established by the State Government pursuant to the proviso to clause (b) of sub-section (2) of section 5.</i></p> <ol style="list-style-type: none"> 1. Mining Lease Boundary pillars has not been established at precise locations. 2. Backfilling has not been carried out as proposed in the last approved document for the reporting year. 3. Plantation proposed on the backfilled area which was not carried out.
Rule 12(4)	<p><i>The entire lease area has not been explored fully to identify the potentially mineralized area and thus detailed exploration over the potentially mineralized area has not been carried out in the manner specified in the Minerals (Evidence of Mineral Contents) Rules within a period of five years from the date of commencement of these rules.</i></p> <p>The lease area has not been explored under G1 level over the potential mineralized area as required.</p>
Rule 34A(3)	<p><i>Every lessee shall carry out a drone survey of his leased area and upto hundred metres outside the lease boundary within six months before submission of any mining plan document or modification thereto to the Indian Bureau of Mines for approval and shall submit processed output [digital elevation model (DEM) and Orthomosaic] images obtained from such survey or any other format as may be specified by the Indian Bureau of Mines in this regard to the concerned Regional Controller of Mines and the Controller General along with the Application for approval or modification of mining plan.</i></p>

	The Orthomosaic image submitted in the DDMS portal is not overlapped as recommended in SOP thus the image is not clear and not suitable for further processing.
Rule 45(7)	<p><i>If it is found that the holder of a mining lease or the person or company engaged in trading or storage or end-use or export of minerals, as the case may be, has submitted incomplete or wrong or false information in monthly or annual returns or fails to submit a return within the date specified; then, –</i></p> <p><i>(a) in the case of mining of minerals by the holder of a mining lease, the Regional Controller of Mines or the authorized officer of the State Government may -</i> <i>Order suspension of all mining operations and dispatches in the mine and to revoke the order of suspension only after ensuring proper compliance;</i></p> <p><i>(b) take action to initiate prosecution under these rules;</i></p> <p>Refer PART-I Upload Document The attached Kml/Kmz file should contain the lease boundary, polygon representing the reporting year development and cumulative land use details.</p> <p>Refer PART-I Lease area utilisation. The details furnished are incorrect and to be in line with the features depicted in attached kml as well as the UAV data submitted in DDMS portal.</p> <p>Refer Part V S.No 02: The details of Reserves available as on 31.03.2024 are not matching with the Reserves furnished last approved Review of Mining Plan and subsequent production achievement reported.</p>

2. In this connection, it is brought to your notice that the above violations constitute an offence punishable under Rule 62 of Mineral Conservation and Development Rules, 2017 and that non-compliance of rule 12 (4) shall be punishable with fine of Rs 5,00,000/-.
3. Non compliance of rule 11(1) of MCDR, 2017 may lead to suspension of mining operation under the provision of rule 11(2) of MCDR-2017.
4. You are advised to rectify the above violations immediately and intimate the position to this office within a period of 45 days from the date of issue of this letter.

Yours faithfully
